h. **Defense Costs:**

Defense costs are in addition to the limits of liability

i. **Loss Sharing:**

Each enrolled subcontractor involved in a general liability claim will be responsible to share in all costs associated with the investigation and settlement of said general liability claim insured by the CCIP, including defense costs, for losses that are caused in whole or in part by subcontractor. This amount will be equal to the subcontractor’s corporate insurance program deductible at the time of subcontract issuance with a minimum of $2,500. A participating subcontractor will have to provide proof of its deductible upon request. Layton will be the determinant of any liability and proportionate participation in any loss sharing amount.

j. **Evidence of Insurance:**

Gallagher Construction Services will issue certificates of insurance evidencing coverages provided under the CCIP to each Insured. The certificate of insurance and insurance policy will include a 30-day notice of cancellation clause.

The coverages under this program do not include all insurance needed by the Subcontractor and its Subcontractors of any tier. For example, Workers’ Compensation and General Liability coverages apply only to the operations of and for each Insured at the Project Site. They do not apply to the operations of any Insured in their regularly established main or branch office, factory, warehouse, or similar place. Independent Truckers/Haulers will not be Insureds under the Program.

k. **Known Exclusions, Terms & Conditions**

- Nuclear Energy Liability Exclusion
- Silica Exclusion
- Lead Exclusion

I. Project Term:

TBD to TBD plus the applicable State Statute of Repose or Six (6) years, whichever is less

m. Credit Calculation:

1. Subcontractors’ bids will include their costs of all insurances required hereunder (general liability, excess liability, and workers’ compensation) and provided by the CCIP. Every prospective CCIP Participant must complete the Online Enrollment through the Arthur J. Gallagher Contractor Portal and submit all required supporting documents. This applies to all lower-tier subcontractors as well.

2. An Insurance Calculation Worksheet (ICW) will be sent to your office from Gallagher at the beginning of the job based on the data supplied online. Each enrolled contractor will be assessed a credit for its estimated cost of its insurances. This estimated credit will be converted to a percentage of your contract amount. On a monthly basis, the estimated credit percentage will be applied to your pay application and withheld from your payment. This will be automatically performed using Textura’s payment discount functionality. You will be able to verify and accept the payment discount in Textura. All change orders will be handled in the same manner.

3. Credits for lower tier subcontractors will be made through the prime subcontractor’s contract with Layton. It will be the prime subcontractor’s responsibility to pass, or to charge these credits to their lower tier subcontractors.

4. Payroll must be reported online through the Arthur J. Gallagher Contractor Portal on a monthly basis to Gallagher. Failure to report payroll on a monthly basis may result in the holding of your progress payment. Adjustments may be made through the contract if it appears that the estimates are materially incorrect. Contractor rates that are deemed materially incorrect at project closeout will cause an adjustment to be made to the final credit.

5. Gallagher will perform a true-up calculation at the end of your work to determine the final amount of the credit based on actual payroll and final contract amount. A final Insurance Cost Worksheet will be processed and distributed accordingly. The final credit amount will be made on the final payment application. Unconditional lien releases will reflect the entire amount of the pay application submitted, not the net amount of the payment.
Program Eligibility

Prior to providing any Subcontractor Work at the Project site, Subcontractor shall satisfy all requirements for enrollment in the CCIP, including online enrollment via the Arthur J. Gallagher Contractor Portal. Subcontractor shall be responsible to ensure that it and its Sub-subcontractors comply in all respects with the enrollment requirements for the CCIP before any onsite activities occur at the Project Site. Subcontractor represents and warrants that the information submitted via the Arthur J. Gallagher Contractor Portal’s online enrollment is true, correct and complete in all respects. All supporting documentation as requested during the online enrollment process include copies of insurance records, policies, declaration pages of policies, insurance rating information, certificates of self-insurance, and such other documents must be submitted to assure the truth, accuracy and completeness of Subcontractor’s insurance information and data. If these items are not timely furnished to the reasonable satisfaction of Contractor and the CCIP Administrator, progress payments may be held until Subcontractor is in compliance. If Subcontractor does not submit required information, a rate of 3.25% against contract value will be used to offset the costs incurred by Contractor for Subcontractor’s participation in the CCIP.

Coverage Trigger

Coverage will begin upon successful completion of the online enrollment via the Arthur J. Gallagher Contractor Portal and issuance of a certificate of insurance evidencing coverage. Once your enrollment has been completed you will receive a Certificate of Insurance confirming the coverage from Gallagher Construction Services. It is your responsibility to successfully complete and submit all enrollment materials via the Arthur J. Gallagher Contractor Portal before you begin work on the project. Failure to supply all requested insurance documents will result in a rate of 3.25% charged against your entire contract amount. You are also responsible for ensuring that any lower tier subcontractors you hire complete the online enrollment via the Arthur J. Gallagher Contractor Portal before they begin their work at the project site. If you or your lower tier subcontractors have not completed the online enrollment process and received confirmation of enrollment from Gallagher Construction Services, no coverage will be afforded.

Payroll Reports must be submitted monthly online via the Arthur J. Gallagher Contractor Portal by the 5th of every month.

Ineligible Parties

Subcontractors who present an exceptionally hazardous exposure or risk to the job site may not be eligible to participate, at Layton Construction’s discretion. It is your responsibility to contact Gallagher and confirm your eligibility before you begin work on the project.

For example, not everyone will be a participant. The following are ineligible for the program. Subcontractors of any tier that are:

- Vendors
- Suppliers who do not provide labor or hire any on-site installation
- Material dealers,
- Off-site fabricators with no on-site installation or do not hire on-site installation
• Others who merely transport, pick up, deliver or carry materials, personnel, parts or equipment or any other items or persons to or from the project site
• Temporary labor services that would traditionally supply you with temporary labor (where workers' compensation coverage is provided for those employees by the temporary agency)
• Abatement or Environmental contractors
• Exterminators
• Temporary Fence Rental Companies
• Contractors working under Professional Services Agreement (PSA)
• Heavy Demolition Contractors

If you are uncertain whether your firm will be a participant in this program, or wish confirmation of your eligibility, please contact [INSERT AIG ADMIN], Gallagher Construction Services at [ADMIN PHONE] or ADMIN EMAIL@aig.com.

Layton Construction will coordinate the program at the project site. Gallagher Construction Services will be administering the program from their offices. A complete contact list can be found in the back of this Manual.

Insurance Required From Subcontractors of Any Tier

Please note that the coverages provided by the CCIP are designated to cover you only while you are actively engaged in construction activities at the [INSERT PROJECT NAME] project site. Therefore it is imperative that you maintain your own insurance coverage for off-site operations.

The required insurance of every CCIP participant is outlined in detail in the Subcontract Attachment “Exhibit G” (Insurance Requirements). Please refer to that subcontract document for the requirements that pertain to you.

The Subcontractor of any tier shall require their respective vendors, suppliers, off-site fabricators, material dealers, truckers, drivers and others, who merely transport, pick-up, deliver or carry materials, personnel, parts or equipment to or from the project site to maintain insurance in the form and with the limits as specified in the Subcontract Attachment “Exhibit G” (Insurance Requirements).

The “Exhibit G” of the Subcontract Agreement outlines in detail the required coverages for all CCIP participants. It is important to review that document and supply the required Certificate of Insurance prior to the start of work. Please note that progress payments may be withheld if required insurance is not on file.
CCIP Program Reminders

Every CCIP participant must complete the online enrollment process via the Arthur J. Gallagher Contractor Portal. Please contact your Gallagher Wrap-Up Administrator if you have any questions regarding the completion of this worksheet, as he or she can walk you through it.

Please keep in mind the following:

- You will need to ensure each of your lower-tier subcontractors completed the online enrollment process via the Arthur J. Gallagher Contractor Portal.

- The CCIP does **NOT INCLUDE** automobile coverage (including trucks and licensed equipment) or tools and equipment;

- The CCIP provides Workers' Compensation only for employees working at the [INSERT PROJECT NAME] project. Your yard or plant workers, off-site clerical staff, drivers who only deliver or pick up at the project, and management or supervisory personnel who are not dedicated to the project are **NOT COVERED** by the CCIP. Labor provided through labor service companies will not be afforded coverage under the CCIP.

- The CCIP provides General Liability only for operations at the [INSERT PROJECT NAME] project. Operations of each subcontractor of any tier at other locations (not approved by the underwriter) are **NOT COVERED** by the CCIP.

- Your workers compensation insurance credit will be based on estimated payroll provided at the time of enrollment and used for the calculation of your CCIP premiums. It will be verified against final payroll, which may result in additional premiums charged to you.

- Your general liability insurance credit will be based on your estimated payroll or contract value provided at the time of enrollment and used for the calculation of your CCIP premiums. It will be verified against your final payroll or contract value, which may result in additional premiums charged to you.

- At the time of your contract closeout a final audit will be performed based on your final payroll or contract value (if applicable) reported online to Gallagher on a monthly basis. Any additional insurance credits or adjustments due will be made from your final pay application or final retention. If you have any questions, please contact Gallagher.

- All Workers Compensation Claims and Audited Payroll records for this project will be reported to the Workers Compensation Rating Bureau for the state in which the Project is located. Therefore, your loss claims history on this project will affect your Experience Modification Rate (EMR) just as it would on any other project.
Accident Reporting and Claims Procedures

Workers’ Compensation Claims

1. The injured employee’s foreman/superintendent shall see that first aid is administered promptly and accompany the injured employee to the medical facility designated for the project. Be sure to give treating clinic the name of subcontractor as employer, and reference the [INSERT PROJECT NAME] project as the job site. Designated facility must be used because of prior established relationship and their knowledge of occupational injuries and transitional work. Authorization treatment forms (green) will be sent to the Layton Construction office at the job site, to be hand delivered to your designated safety person at the site.

2. Layton’s Drug Free Workplace Policy requires that anyone involved in an incident on a Layton jobsite that results in injury or damage to equipment or vehicles MUST submit to immediate testing. Refusal to submit to testing will result in being banned from working on any Layton projects. Testing will be performed by medical facility staff at the designated medical facility.

3. All injuries will be reported immediately to Layton’s Project Superintendent, On-site Safety Coordinator, or other designated Layton on-site staff. Layton’s Incident Report needs to be submitted to the project team within 24 hours of any injury.

4. The subcontractor must immediately supply the injured employee with the Employers Report of Injury as required by State law, and follow usual internal reporting procedures, with the exception of reporting the claim to their usual Workers’ Compensation insurance carrier.

5. Foreman or superintendent must perform an Accident Investigation, including a Root Cause Analysis. A copy of the completed Accident Investigation must be sent to the on-site Safety Coordinator. If injury is serious, please also fax to CCIP Safety Director (fax number is listed in Personnel Directory at back of this manual).

6. Any claim issues or problems may be directed to the treating clinic or XL Specialty Insurance Company directly. If concerns or issues are not dealt with satisfactorily you may contact Joseph Domingo at Gallagher Construction Services in San Francisco for assistance in resolving problems (see directory for phone numbers).

7. Maintenance of records required by the Federal Occupational Safety and Health Act and all other applicable regulations are the responsibility of each subcontractor.

NOTE: Failure to comply with these claim procedures will result in a flat fee of $5,000 to be paid by the Subcontractor to Layton for additional costs to manage the claim.
Return to Work Policy – Light Duty Policy

Layton Construction is committed to providing a safe workplace environment for all employees, in the event of a work-related injury Layton Construction has a “Modified Alternate Duty Requirement” which will be implemented by all subcontractors working on Layton Construction projects. The purpose is to minimize the risks and financial burdens to the workforce. Each subcontractor MUST provide an injured employee the opportunity to maximize rehabilitation and recovery from the injury and enable an early return to work by accommodating temporary work assignments in compliance with medical restrictions.

Note: Modified duty positions do not have to be on a Layton Construction project. The injured workers’ employer can provide this position at any alternative site. The insurer may provide recommendations for modified duty labor through cooperative organizations if the contractor/subcontractor are unable to accommodate the employee.

The modified duty must include, but not be limited to:

- Communication between the employer and the injured employee and the physician, the employer’s modified duty requirement and facilitate modified duty with physicians and the employee
- The injured employee must provide copies of all medical notes that include a statement on work capacity.
- Modified duty assignments must comply with all medical limitations as outlined by a physician
- The injured employee is not to assume normal work activities unless there is medical documentation releasing the employee to his/her normal duties

Subcontractor and its sub-tiers must provide a modified return to work program for any of its injured employees insured under workers’ compensation as part of the CCIP. Failure to provide reasonable accommodations to an injured worker will result in a penalty assessment to the Subcontractor of any tier of $1,500 weekly until such time as the injured worker is returned to work. Subcontractors are responsible for the assessments of their sub-subcontractors.
General Liability Claims

1. If an injury is involved, the Subcontractor’s superintendent must immediately arrange for first aid or other required medical treatment for the injured party.

2. Layton’s Drug Free Workplace Policy requires that anyone involved in an incident on a Layton jobsite that results in injury or damage to equipment or vehicles **MUST** submit to immediate testing. Refusal to submit to testing will result in being banned from working on any Layton projects. Testing will be performed by medical facility staff at the designated medical facility.

3. **All Incidents, regardless of severity,** shall be reported immediately to the Job Site Contact and On-site Safety Coordinator and **reported to the Insurer by telephone**

4. **The Subcontractor’s superintendent must complete a General Liability Loss Notice** (located in the Gallagher Construction Services enrollment binder) for each accident with the following distribution: **Greenwich Insurance Company, Job Site Office, Gallagher Construction Services.**

5. **Any Court Summons, legal documents or other correspondence must be immediately referred to Gallagher Construction Services by registered mail.** Additional questions concerning suit papers should be referred to Gallagher Construction Services.

**NOTE:** Failure to comply with these claim procedures will result in a flat fee of $5,000 to be paid by the Subcontractor to Layton for additional costs to manage the claim.

To start please open your internet browser and go to the AJG Wrap-up Management Portal URL (https://ajg.vuewrapup.com/contractorportal). This will open the portal login screen.

Step 1: Registering and Logging In
Click the Register Me link at the bottom right hand corner of the login box. If you are already registered, proceed to Step C.

A. Fill in the form with your first name, last name, email ID (email address) and enter the user ID you would like to use. Your user ID can be any name or phase you will easily remember, such as your first initial and last name (preferred), your company name, or your email address. Password must contain letters, numbers and symbols. All fields are required.
B. When your registration has been completed successfully, you will see the message “User ID and Password are created”. Please click here to login to “Contractor Portal”. Click the link to be redirected to the login page where you can login to the portal to complete your enrollment. You will also receive an email with your User ID and Password for your records.

C. Use your provided or created User ID and Password to login. If any error messages appear, contact your AJG Wrap-up Administrator.

Step 2: Completing an Enrollment

A. If your incomplete enrollment already has a contract in the system, you may be required to fill in the missing details. Your contract can be selected by clicking on the contract number hyperlink in the Contract # column.

B. If you do not see a contract for the specific project you are enrolling in, click the “New Enrollment” button.

C. When the user clicks on the New Enrollment link, a pop up screen will open as shown below. Users should provide the Project Code as listed in their Wrap Up manual or provided by their Wrap Up Administrator.
Step 3: Enrolling

A. The Enrollment Screen includes the following sections, each of which can be expanded or collapsed for ease of review:
   a. Provide Company Information
   b. Provide Contract Information
   c. Provide Contact Information
   d. Provide Address Information
   e. Provide Estimated Payroll for work performed on the Contract
   f. Provide Offsite Insurance Information
   g. Provide Additional Information
   h. Approval and Signature

B. Fill in each section with your information to the best of your ability. Every section is required to be completed.
   a. For a new enrollment, all fields should be filled in.
1. If your company has previously enrolled in a contract on our portal, you will have an option to select previous information in some fields

b. If a contract has been added to your portal by an AJG Wrap-up Administrator, you may not be able to edit some fields. Move on from those and fill in all the other fields as completely as possible.

c. If you notice a mistake in a non-editable field, contact your AJG Wrap-up Administrator.

d. If you are not sure what a field is requesting, hovering over the field title will show captioned explanations.

C. In the Contact section you must enter at least one contact and it must be marked as primary. You may also add additional contacts i.e. Payroll Contact or Worker’s Comp Claim Con
